Garden Checklist
By California Association of Nurserymen

- This is an ideal month to plant shade trees. Early planting gives you a head start by encouraging early root growth.
- It's not too late to plant a cover for bulb beds. Annual Alyssum is quick and good at drawing attention from ripening foliage after the bloom is off the bulb.
- Fuchsias bloom on new wood. The idea in pruning is to promote a good percentage of new, flower-bearing growth, so don't hesitate to prune hard.
- An application of weed killer now will reduce competition when your lawn really gets serious about growing again.
- Bloom time is a good time to move Camellias and Azaleas as they have to be moved. Make sure the roots are moist before digging them up.

Veterans of World War I Name Art Hicks Commander

Art Hicks, active in organization of the local group, was named Commander of the Torrance Barracks of the Veterans of World War I at a meeting last Friday at Waleria Park recreation building.

Elected to serve with Commander Hicks for the first year of the organization here were Paul Slonecker, senior vice commander; John Wright, junior vice commander; George Dannals, chaplain; H. B. Huffine, quartermaster, and Art Moore, adjutant.

Installation of the new officers is being planned for next month, Hicks said.

The Veterans of World War I, a Congressionally chartered organization, is composed exclusively of men who served in the first world war. It was organized in October, 1949, and has since grown to more than 2000 Barracks (chapters) with a combined membership of 150,000 members, Hicks said. Every state and France and Ireland are represented in the membership, he said.

The Torrance Barracks meets each second and fourth Friday of the month at 8 p.m. in the recreation building at Waleria Park, 3855 W. 242nd St. Headquarters in this area is at 2152 W. Canton St., Long Beach.

UCC Transfers Gray To Montreal Facility

Owen O. Gray, head of the shipping department for the Torrance plant of Union Carbide Chemicals Co., recently accepted the position of Olefins Area Supervisor at the Montreal plant of Union Carbide Canada Limited.

Gray began his career with Carbide as a technical assistant at the South Charleston, W. Va., plant. He transferred to Torrance during the plant's start up in 1955.

Gray and his wife, Millie, and their five children will be situated in their new location in the near future.

Employees Local Installs Kendall In Presidency

Richard Kendall was installed as president of Local 1101, American Federation of State, County & Municipal Employees, last week at a dinner meeting. Kendall succeeds Harold Woodman in the top office.

Installed with the new president were Charles Williams, vice president; Mrs. Thurlow Whitcomb, secretary, and John Doolittle, treasurer. Mrs. Whitcomb and Doolittle were re-elected to their posts.

Frank Visca, international representative of the organization, was master of ceremonies with a report on the progress made in the organization's first year. Other guests of the employees included international officers and representatives of the Torrance Unified School District.

Edward Palmer entertained the group by singing. He was accompanied by Robert Treadway. Dancing followed installation and entertainment features of the program.
